12V
60/55W

12342XV+S2

Take performance to the X-treme

Up to 130% brighter light

Philips X-tremeVision car bulbs are the brightest you can buy. They outshine all other car lamps with up to 130% more brightness and a superior beam of up to 130 meters. So you see further, react faster and drive safer.

Maximum light, maximum performance

- See further and react faster with 130% more brightness
- The brightest bulb: ultimate visibility and performance
- The safest, road-legal headlights

Increased brightness

- 20% whiter light to improve comfort and safety
- Great contrast for a comfortable drive
- Exceptional beam quality and performance

Best-in-class lifetime

- Performance means more light and longer lifetime
- A lifetime of safety so you can see and be seen

PHILIPS

Car headlight bulb
H4 12V, 60/55W

Highlights

20% whiter light in your lamps

The bright white light (3.700 K) is up to 20% whiter than standard headlamps. The Philips patented gradient coating technologyTM produces a more powerful light. So you can enjoy the brightest lighting performance and a highly comfortable night driving experience.

A lifetime of safety

Every potential failure of a spare part is a risk for you and your vehicle. This is especially true for headlights. Every broken headlamp reduces visibility and safety for you and the oncoming traffic. Philips X-tremeVision is optimized for a long and reliable lifetime. So you can see and be seen for longer than with any other high performance lamp.

Exceptional beam quality

With a combination of more light and increased color temperature, Philips X-tremeVision qualifies as the best performance beam in the halogen segment.

Extra light, extra lifetime

Philips X-tremeVision headlights are made for ultimate performance, producing up to 130% brighter light, without compromising on the lifetime. With up to 450 hours*, Philips X-tremeVision's lifetime is significantly higher than competitor solutions in the more light category. (*H4 and H7 tested at 13,2V standard voltage).

Great contrast drives comfort

The increased color temperature in Philips X-tremeVision headlights (available in H1, H4 and H7) allows your eyes to focus better and perceive contrasts in the far distance. This makes driving after dark a far more comfortable and safe experience.

See further, react faster

Perfect illumination is especially important in the distance - usually between 75-100 meters in front of your vehicle. With Philips X-

tremeVision car bulbs you can see up to 45 meters further, giving you 2 seconds more reaction time. Philips X-tremeVision boosts your visibility with up to 130% more light on the road. This helps you recognize obstacles and any potential dangers earlier than with any other halogen headlamp.

The brightest bulb available

With its optimized high-precision filament geometry, up to 13 bar high pressure gas filling, high precision coating and high quality UV-Quarz glass, Philips X-tremeVision headlights set a new milestone in automotive lighting. They are engineered for the ultimate performance and uncompromising visibility.

The safest legal car lights

Philips X-tremeVision is by far the safest, easiest and most efficient way to upgrade your car headlights within legal parameters. They are fully ECE certified.

Specifications

Product description

- Technology: Halogen
- Type: H4
- Range: X-tremeVision
- Application: High beam, Low beam
- Homologation ECE
- Base: P43t-38

Electrical characteristics

- Voltage: 12 V
- Wattage: 60/55 W

Ordering information

- Order entry: 12342XV+S2
- Ordering code: 35024128

Packaging Data

- Packaging type: S2
- EAN1: 8727900350241
- EAN3: 8727900350258

Packed product information

- Pack Quantity: 2
- MOQ (for professionals): 10
- Height: 13.3 cm
- Length: 11.0 cm
- Width: 5.3 cm
- Net weight per piece: 21.5 g

Marketing specifications

- Expected benefits: More light
- Product highlight: Up to 130% brighter light

Lifetime

- Life time: 450

Light characteristics

- Color temperature: up to 3700 K
- Lumens: 1650 \pm 15%/1000 \pm 15% lm

Issue date 2016-03-17

Version: 2.0.1

12 NC: 9239 513 17102
